

Manual Net Packing Machine FT14

Data Sheet V1.0

September 2016

FT14 Manual Net Packing Machine

The FT14 is an affordable and easy to use manual net clipping machine. This manual machine cuts, seals and prepares for the next net pack in one easy operation. It is suitable for smaller operations looking for a high quality presentation at an affordable price. It is ideal for all types of fruit and vegetables

The FT14 is available in a manual, pneumatic or electric version, and a customised version can be constructed in stainless steel for meat and seafood packing.

Key features include an adjustable table and closing staple regulation. Watch our video on the Xact Vimeo channel.
